INTRODUCING

FPC and Rigid PCB Antenna Expansion

- **Coverage of many popular frequencies**
- **Competitively priced**
- **Comprehensive range of connector options and cable lengths**

TE Connectivity's FPC and rigid PCB antenna offer a wide range of solutions for many popular frequencies and bands.

The antenna family is competitively priced and has a wide range of connector and cable options, providing alternatives for many competitor products.

APPLICATIONS

- IoT Devices
- Handheld Devices
- Smart Home
- Smart Security
- Aids for Daily Living (ADL)

SPECIFICATION

- **Varies by model see datasheets for details**

KEY BENEFITS

- Rigid and flexible PCB antenna options
- Coverage of many popular frequencies including LTE 4G, 5G, Wi-Fi 7/8, ISM, GNSS and more
- Competitively priced alternatives to many competitor part numbers
- Comprehensive range of connector options and cable lengths
- Peel and stick adhesive backing allows for rapid and versatile mounting options
